"Whatever It Takes"

There have been changes to the grading scale. Originally, all assignments were 20% and there were five categories. But I ran into some problems and student's scores didn't add up correctly. Now there will be only three categories: class/homework (28.65%), essays (30.99%) and tests/quizzes/assessments (40.35%).

Students must label their work properly to avoid losing points on their assignments and tests. Everything they turn in should include first and last name, their number, period or "college" and the date, all in the top right-hand corner.

CLASSROOM DONATIONS

Donations are always accepted for the class. We are always in need of hand sanitizer, Clorox wipes, and Kleenex. Thank you!

Week of September 10th

All classes will be working on their history interactive notebook. This allows students to record information about history in an engaging way. They can transform written concepts into visuals, organize historical events into a topical map and draw whatever illustration that makes sense to them. They will need a notebook and crayons and/or colored pencils. This will be worked on in class and at home. This will be worth 50 points and can be used for their chapter one test in a few weeks. They can use Post-It notes and other materials to make it really pop. Some examples are provided below.

There are many opportunities to get extra help at school at one of the labs. I've attached the different labs that are available with the times they are open.

GO DOGS!
